# CIMA Gateway - 2020

The grids below detail the courses that our Live Online (virtual classroom) centre is offering for the Gateway exam in the 2020.

If you have an MBA or Masters in Accountancy, CIMA Gateway allows you to progress straight to the Strategic Level of the CIMA Professional Qualification upon successful completion of the Management Level Case Study exam (the Gateway exam).

The Gateway course follows the same structure as our standard Management case study course with an additional Live Online session before the main course starts.

CIMA Gateway starts 1-2 months earlier than the standard case study course, to provide the opportunity to identify any knowledge gaps you may have, and allow you the additional time to study any technical areas.

It is important that you familiarise yourself with the topics covered in the Operational and Management Level modules before you sit the Management Case Study exam. Your knowledge of these key topics may be tested when you sit the exam.
